

**Great Time To Get Involved - M.A.H.S. Central Florida is pleased to present
Three Signature Programs for 2012 - 2013**

Your donations impact the students' achievements in major ways. If you have not joined or pledged a gift this year, please give serious consideration to the value that this activity has, not only for you as a past student of the school, but on the young women who greatly benefit from your generosity. With your donation, we will help to preserve the unique opportunities a good education provides. Invest in the students of MAHS today. If you have any questions, please contact us.

HELP US REACH OUR GOAL!

FIRST SIGNATURE PROGRAM - BUILDING A COMPUTER ROOM

Help us achieve the vision "Building a computer room" to provide a safe and functional home for 40 computers necessary to advance technology at Mt. Alvernia High. We are currently in phase I, our structural engineer is focused on resuscitating the building plans. All proceeds will benefit this Building Fund.

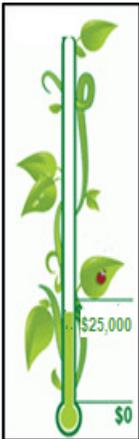

Thanks for your interest in helping us achieve our mission! On this page, you can find all the information you need to donate to our cause. Some questions and answers about your donation:

Q: If I donate money, what will it be used for?

A: Currently, we have allocated \$10,000.00 US. to a Building Fund. Other donations will be posted to any specific program of your choice.

Q: Is my donation tax deductible?

A: Yes! We are a 501c(3) non-profit organization.

Donor Tree

Our Tree of Knowledge will strategically be mounted on one of the interior walls of the computer room.

All good deeds deserve recognition. Our donor tree allows our organization to show its appreciation for the enormous donations we receive. The leaves on the tree and foundation rocks are designed to acknowledge individual donor's name and graduating year. These leaves come in gold, bronze and silver colors to denote different levels of donations. This donor tree will be the centerpiece of a magnificent testimonial to those who have taken part in helping us reach our goal.

Bronze..\$100 Silver..\$250 Gold..\$500 Foundation Rocks..\$1000

SECOND SIGNATURE PROGRAM: EDUCATION ASSISTANCE & MENTORING PROGRAM

EDUCATION ASSISTANCE PROGRAM

The possibility of a better life begins with higher education. Each year more students are struggling to make ends meet and stay in school, as affordability continues to become a growing barrier to student success. This program is intended to support students with the most financial need who have demonstrated success and commitment in their studies.

DESIGNATED EDUCATION FUND

The Designated Education Fund allows you to personalize and apply additional conditions to your donation. The designated Fund can be set up in the name of an individual, family, business, or other entity. The minimum amount is \$500. This sponsorship can be established by filling out the Designated Donation form available from this chapter.

MENTORING PROGRAM

Mentoring is a successful strategy to help students succeed in life and to discover how to unlock and achieve their potential. We believe that not only will you find the experience rewarding, but you will gain much more than your investment into this program.

THIRD SIGNATURE PROGRAM - HEALTH MISSION

Health Mission - Academic success is strongly linked with health.

Health related factors can lead to poor performance. Factors such as hunger, emotional abuse, risk behaviors and physical inactivity, can affect school attendance, grades and ability to focus in class. Our goal is to help students engage in health enhancing behavior and avoid risk behaviors. Please contact us for information on Mission 2013.

1. **MAKE A DONATION WHEN YOU JOIN M.A.H.S. Central Florida Chapter or Renew Your Membership** - You may add a donation to the education [fund on your M.A.H.S Membership payment](#).

UNRESTRICTED SUPPORT:

We welcome sponsorship, donations of any kind, professional and expertise services which will enable us to accomplish our goals.

Mt. Alvernia has graduated a diverse group of alumnae, excelling in fields that span various professions. No matter what area you work in, your contribution, dedication, and expertise are valuable and needed. We encourage you to offer your services to this chapter. With many helping hands we will fulfill our goals for our alma mater. We currently need assistance in the fields of: Accounting, Business law, Computer programming, Engineering and Construction. Please feel free to contact us via web admin@mahscfl.org or call 813-333-2772
